

Town of Newfields Swimming Pool Regulations

4.3.1 All outdoor artificial pools which have a depth of more than three feet when filled to capacity with water shall be surrounded by a substantial wall, fence, or other enclosure having a minimum height of five feet. In the event an artificial pool has elevated sides higher than five feet and is so constructed that a child cannot easily climb the pool sides or otherwise gain access to the pool, no fencing is required.

4.3.2 The wall, fence or other enclosure shall be constructed so that a child will be unable to crawl under or through or easily climb over it, so that, in fact, the only easy access to the pool is a gate or door. 4.3.3 All pools hereafter constructed must comply with this ordinance, and all existing pools must comply by May 1, 1973.
